

MediaWiki:Apihelp-edit-param-summary

Online version: <https://wiki.advacam.cz/wiki/MediaWiki:Apihelp-edit-param-summary>

Contents

Edit summary.

When this parameter is not provided or empty, [an edit summary may be generated automatically](#).

When using \$1section=new and \$1sectontitle is not provided, the value of this parameter is used for the section title instead, and an edit summary is generated automatically.
